

World Ethanol & Biofuels

21st Annual Event!

6-7 November: Main Conference
8 November: Ethanol Co-Products

Steigenberger Wiltcher's Hotel,
Brussels, Belgium

Tuesday 6th November World Ethanol & Biofuels Leaders Summit

08.00	Registration and Welcome Coffee Hosted by: CLARIANT 
09.00	Opening Remarks from the Chair
09.10	Opening Session: The Low Carbon Energy Transition and Biofuels <ul style="list-style-type: none">• Biofuels as a critical piece of the global energy strategy• RED2 implications for biofuels and decarbonising transport• Member States implementation• Scaling-up the use of low emission alternative energy for transport - renewable electricity, biofuels and hydrogen• Challenges in achieving CO2 targets for cars
10.20	Refreshments Hosted by: CLARIANT 
10.50	International Desk: Global Ethanol Policy, Production and Trade Dynamics <ul style="list-style-type: none">• Global ethanol and biofuel demand, trade and production• USA: RFS on the move - E15 rollout and the implications of ethanol exports counting towards biofuel quotas• Brazil's RenovaBio: Increasing the use of biofuels• The China Ethanol Revolution: E10 Implementation• Anti-dumping duty: Will it be extended?• Trade wars and impacts on global ethanol trade
12.20	Questions
12.35	Conference Lunch
14.15	Opening Remarks from the Chair
14.20	Vision Post 2020 Policy changes and their impact on the dynamics of production, new investment and demand for biofuels. Hear from producers as they share their vision post 2020
15.20	Refreshments Hosted by: CLARIANT 

World Ethanol & Biofuels

21st Annual Event!

6-7 November: Main Conference
8 November: Ethanol Co-Products

Steigenberger Wiltcher's Hotel,
Brussels, Belgium

15.50	<p>The New Push for Cellulosic and Advanced Biofuels: Availability, Readiness and Investment Appetite</p> <ul style="list-style-type: none">• Will RED2 bring about new Advanced Biofuel Investments?• Achieving the 3.5% target for advanced biofuels• Moving towards large-scale production and application of advanced biofuels• Double counting to nowhere – multipliers reduce the market size
16.50	<p>Chair's Closing Remarks</p>
17.00	<p>Around the World Tasting Experience</p> <p>Come join us as we delve into the wonderful world of distilled spirits tasting.</p> <p>Hosted by:</p> 
18.30	<p>Drinks Reception</p>

World Ethanol & Biofuels

21st Annual Event!

6-7 November: Main Conference

8 November: Ethanol Co-Products

Steigenberger Wiltcher's Hotel,
Brussels, Belgium

Wednesday 7th November

Market Development and Global Opportunities		Biorefinery Technology Forum	
8.30	Welcome Coffee		
09.00	Introductory Remarks from the Chair	09.00	Introductory Remarks from the Chair
09.10	Needs and Wants for High Grade Ethanol	09.10	Gains in Ethanol Production Efficiency: How Does Your Plant Measure Up on Production Efficiency? Innovate to improve efficiencies and meet environmental performance standards
09.30	Cellulosic Residues and Waste-Streams Biofuels Showcase	09.30	Investing in Efficiency and Optimising an Existing Ethanol Plant
09.50	Renewable Fuels for Cleaner Transport – Aviation and Shipping Biofuels Are only advanced biofuels going to be used for planes and ships?	09.50	Using Data for Incremental Gains in Ethanol Production
10.10	UK: Biofuels Usage to Double by 2030 Challenges in meeting the target and the potential role of development fuels.	10.10	Yeast Nutrition and Fermentation Management
10.30	Questions	10.30	Questions
10.45	Refreshments		
11.15	Introductory Remarks from the Chair	11.15	Introductory Remarks from the Chair
11.20	Canada's Clean Fuel Standard: Moving to a Carbon Intensity Approach	11.20	Cellulosic Ethanol Pathways Adding on Cellulosic Ethanol to Your Existing Plant
11.40	India: What to do with Molasses?	11.40	Corn Fibre for Cellulosic Ethanol
12.00	Bolivia: New E10 Mandate in 2018	12.00	Commercialisation of Second Generation Biofuels

World Ethanol & Biofuels

21st Annual Event!

6-7 November: Main Conference
8 November: Ethanol Co-Products

Steigenberger Wiltcher's Hotel,
Brussels, Belgium

12.20	Argentina: Moving from 12% to a 24% Ethanol Blend in the Next 2 Years	12.20	Waste Based Renewable Fuels: Opportunities and Challenges in Growing Their Market Share
12.40	Questions	12.40	Questions
13.00	Lunch	13.00	Lunch
14.10	Introductory Remarks from the Chair	14.10	Introductory Remarks from the Chair
14.15	Grains Production and Price Position Corn use for ethanol is at an all-time high, find out what the global outlook for corn is in 2019	14.15	What to do with CO2? Making your ethanol operation more environmentally friendly
14.35	Global Sugar Market Dynamics Cheap sugar to continue to support ethanol production growth	14.35	How to Make Your Ethanol Plant More Sustainable
14.55	Mobilising Feedstocks for Advanced Biofuels	14.55	Plant Diversification and Producing Higher Value Products
15:15	Questions	15.15	Questions
15.30	Refreshments		
16.00	Roundtable Discussions <ol style="list-style-type: none"> 1. Bioethanol Plant Modelling: Worth the Time and Effort? 2. Gen 1.5 Ethanol: Converting New Sugar and Starch Sources to Advanced Biofuels 3. The Ethanol Production Process: What to Optimise Next and General Troubleshooting 4. Commercializing Advanced Biofuels – Would That Work For You? 5. Water Reuse and Reduction 		
17.00	End of Conference		

World Ethanol & Biofuels

21st Annual Event!

6-7 November: Main Conference
8 November: Ethanol Co-Products

Steigenberger Wiltcher's Hotel,
Brussels, Belgium

Thursday 8th November Distillers Grains and Co-Product Diversification Summit

08.00	Registration and Welcome Coffee
09.00	Opening Remarks
09.10	Getting the Most Value Out of Coproducts: Product Diversification Opportunities for European Distillers
09.40	Supplying European Protein Markets by Ethanol Production Action needed in making the protein deficit smaller: the role of biofuels in making the gap smaller
10.10	Animal Feed Requirements: Understanding and Supplying What is Needed
10.40	Questions
10.55	Refreshments
11.25	Developing Feed Product Streams for Different Animal Feed Requirements
11.55	Fish Feed Markets and DDGS Potential
12.25	Questions
12.35	Conference Lunch
14.00	Increasing Corn Oil Extraction at Ethanol Plants
14.30	Feedstock Quality and its Impact on Plant Revenue
15.00	Plant Design and Operational Choices to Produce High Quality Co-Products <ul style="list-style-type: none">• How to Achieve Co-Product Diversification• Separating DDGS Into More Valuable Diversified Co-Products• Increased Revenue Through Diversified Co-products• Producing Premium Co-Product Streams
15.30	Questions
15.45	Closing Remarks from the Chair
16.00	End of Forum

World Ethanol & Biofuels

21st Annual Event!

6-7 November: Main Conference
8 November: Ethanol Co-Products

Steigenberger Wiltcher's Hotel,
Brussels, Belgium
